

MV MULTI-TRAP® Questionnaire

There are currently several thousand MV MULTI-TRAPS® in use on a variety of processes. We make product and installation recommendations based on successful results from the field. This questionnaire was designed to provide us with the information we require to make the most effective recommendation for your specific application. Please be as detailed as possible.

Fill out pertinent sections of this form and fax back to 978-671-0014. Thank you for your interest in Mass-Vac.

First Name _____ Last Name _____

Title _____ Company _____

Address _____

City _____ State/Province _____ ZIP/Postal code _____

Telephone _____ Fax _____ E-mail _____

System Information

- LPCVD APCVD Plasma etch
 PECVD MOCVD Other: _____

System manufacturer and model: _____

Pumping package manufacturer and model: _____
